

## Supporting Children with Autism and Other Developmental Delays in Early Childhood Education Settings

Presented by Oregon Program Autism Training Sites & Support Staff

This training opportunity will provide preschool staff, child care staff, and Head Start staff with a greater understanding of working with children with autism spectrum disorders enrolled in their program. Topics discussed will include learning characteristics, behavioral strategies and simple activities to encourage social and language skill development. This workshop will provide specific examples of evidence-based practices that can be implemented immediately in the child care setting.

### Who Should Attend:

Child care center providers, Head Start staff, registered family child care providers, certified family child care providers, teachers, assistants and other staff providing services to children with Autism Spectrum Disorders.

### Learn:

- The characteristics of children with autism
- Evidence-based strategies for working with children with autism and other developmental delays
- Practical instructional supports to improve social and language skill development
- Activities, behavioral supports and visual supports that can be used to immediately support children within a preschool or child care setting.

### What You Will Receive:

- Examples of visual supports, behavior supports and social supports
- Access to additional on-line training modules
- Certificate of participation for 6 hours upon completion of the session
